MEMORANDUM FOR: C/PDB

FROM:

C/IT

STAT

SUBJECT: Curriculum Committee--14 February

1. The Curriculum Committee meeting has been changed to 14 February at 2 p.m. in the DTE Conference Room. PDB has two agenda items--Midcareer Course (MCC) review and report on EO 12333.

2. For this session, I would like for you to prepare an action plan on the steps that you will undertake with deadlines to review the MCC curriculum. I have already provided you with my thoughts on this subject. The Curriculum Committee will be expecting you to provide them with a copy of the action plan and to brief them on your approach for review.

3. I would like, if possible, to present a proposal to the Curriculum Committee on what we can do with EO 12333. The ideal outcome would be, of course, to recommend that it be given back to OGC. If that is clearly impossible, then we should recommend that we will keep the course, and you should be prepared to discuss what the implications are for our retention of this course. I think a short proposal and a briefing of the Curriculum Committee will suffice at this point.
